a comprehensive guide to gershwin s porgy and bess featuring principal characters in the opera brief story synopsis story narrative with music highlight examples and an insightful and in depth commentary and analysis by burton d fisher noted opera author and lecturer

hardly performed on any stage since the 1920 s the original story of porgy and bess has languished on bookshelves while the great folk opera by george and ira gershwin has rightfully taken its place among the all time american operas but left behind is the work of dorothy and dubose heyward and their negro collaborators actors and poets of the time also forgotten is the gullah language with its richness and the spiritual songs of the period post emancipation reconstruction a time when black people were finding their own voices after hundreds of years in slavery and oppression porgy was a smash hit on broadway running from 1927 28 and the play and musical provided some of the great actors the depth and range to give great performances with the attraction and love between a beauty with a flaw and a cripple without

the use of his legs dorothy heyward spent the latter part of her life making sure that her husband and collaborator dubose heyward would not be overshadowed by the fame of ira gershwin or the songs of the great george gershwin these pages show how much remains in modern times of what trouble and poverty and injustice was like back then as well as how far we've come in many areas of understanding and acceptance this screenplay may provide the opportunity to witness daily life including a monstrous hurricane in a charleston tenement back almost a century ago with characters who make you laugh or cry or scared and the luminous addition of one of the world's best loved love stories a kind of fairy tale among the hurt and wounded without a happy ending but glorious with a beauty all its own

created by george gershwin and dubose heyward and sung by generations of black performers porgy and bess has been both embraced and reviled since its debut in 1935 in this comprehensive account ellen noonan examines the opera's long history of invention and reinvention as a barometer of twentieth century american expectations about race culture and the struggle for equality in its surprising endurance lies a myriad of local national and international stories for black performers and commentators porgy and bess was a nexus for debates about cultural representation and racial uplift white producers critics and even audiences spun revealing racial narratives around the show initially in an attempt to demonstrate its authenticity and later to keep it from becoming discredited or irrelevant expertly weaving together the wide ranging debates over the original novel porgy and its adaptations on stage and film with a history of its intimate ties to charleston the strange career of porgy and bess uncovers the complexities behind one of our nation's most long lived cultural touchstones

the early eras of radio storytelling have entered and continue to enter the public domain in large quantities offering unprecedented access to the golden age of radio author and professor john pavlik mines the best this age of radio has to offer in masterful stories an examination of the masterpieces of audio storytelling this book provides a chronological history of the best of the best from radio's golden age outlining a core set of principles and techniques that made these radio plays enduring examples of storytelling it suggests that by using these techniques stories can engage audiences emotionally and intellectually grounded in a historical and theoretical understanding of radio drama this volume illuminates the foundational works that proceeded popular modern shows such as radiolab the moth and serial masterful stories will be a powerful resource in both media history courses and courses teaching audio storytelling for modern radio and other audio formats such as podcasting it will appeal to audio fans looking to learn about and understand the early days of radio drama

on march 31 1943 the musical oklahoma premiered and the modern era of the broadway musical was born since that time the theatres of broadway have staged hundreds of musicals some more noteworthy than others but all in their own way a part of american theatre history with more than 750 entries this comprehensive reference work provides information on every musical produced on broadway since

oklahoma s 1943 debut each entry begins with a brief synopsis of the show followed by a three part history first the pre broadway story of the show including out of town try outs and broadway previews next the broadway run itself with dates theatres and cast and crew including replacements chorus and understudies songs gossip and notes on reviews and awards and finally post broadway information with a detailed list of later notable productions along with important reviews and awards

offers special insight into some of the most popular songs of the twentieth century
